

UNIT4[®] TPAK[®] CARTRIDGES

SAFE STORAGE & HANDLING

NON-MARKING ROUND TPAK CARTRIDGES

Always store TPAK cartridges in the Mylar packaging in a dry, climate controlled environment between 50°F and 75°F.

Do not remove TPAK cartridges from the Mylar packaging until ready for use.

TPAK cartridges are 100% recyclable and should be discarded after use.

Never attempt to reload or reuse the projectiles.

Always remove the orange breakaway tab before closing the magazine.

Only use TPAK cartridges with the UNIT4 Training Rifle.

WARNING: READ AND FULLY UNDERSTAND THE OPERATOR'S MANUAL BEFORE OPERATING ANY UNIT4 TRAINING SYSTEM
